## ***Management Institute***

***Tuesday, April 11<sup>th</sup>, 2017***

The Probation Management Institute is designed to provide supervisory level staff with ongoing training opportunities in topics related to managing your department. This year, the POPAI Chief's Executive Committee has chosen to focus on the responsibility of department leaders in the implementation, engagement and sustainability of evidence based practices. Once our staff members have been trained, how do we continue to motivate and encourage them to use what they have learned in our efforts to lead our departments toward becoming true evidence based organizations? Is it possible to use EBP on staff who are resistant to change?

***Melanie Lowenkamp***, a leading trainer in the areas of criminal justice and evidence based practices, will be presenting a full day workshop designed to assist management level staff in learning how to keep the implementation of EBP moving forward. Attendance at the Management Institute will provide at least 6 hours of EBP specific training.

## ***Chief Probation Officer Summit***

***Wednesday, April 12<sup>th</sup>, 2017***

The Chief Probation Officer Summit provides Chief Probation Officers (and Assistant Chief POs) an opportunity for networking, information sharing, problem solving and general discussion with colleagues from Indiana's 92 probation departments.

This year's summit will include information about several areas of current interest to probation departments including:

- E-Filing
- Indiana Office of Court Services Updates
